# MOTION INITIATING NUCLEAR WAR AND EXTERMINATION ORDER

FILED	RECEIVED
ENTERED	FILED ON
COUNSEL/ARTICLE OF RECORD	
JUL 22 2020	
CLERK US DISTRICT COURT DISTRICT OF NEVADA	
The Weekly Motions with DEPUTY	

- 1 Remember programming is TUT-Temporary Until Trial.
- 2 (chants)(TWM...TWM...TWM...TWM)
- 3 "Heeeeeeeeeee11111100000 TWM faaaannnnn n ssssss! Welcome to
- 4 host, Latonia Smith" (Cheers)(chants)(Smith... Smith... Smith... Smith... Smith)
- 5 "Before we get started today we just want to take a moment to honor Congressman John Lewis--
- 6 a truly noble man who decided to turn the other cheek and work with the same systems that
- 7 once sought his destruction. Though not much has changed, we honor his sacrifice.
- 8 Congressman Lewis taught us: if you see something that's not right, that's unjust... speak up,
- 9 do something, get in a little trouble... good trouble. We also want to honor C.T. Vivian who died on
- 10 the same day. Both great leaders."
- 11 (Solemn Moment of Silence)
- 12 Now, this week Ms. Smith's Motion is:
- 13 "The read button is being pushed. The codes are being entered. The extermination order is
- 14 going into effect. The attacks/attempts on my life have been too great. I've withstood
- 15 irreparable damage (so have my people) and WAR MUST be declared against the enemies who
- 16 initiated attack-- the legal system, the government, the police; they must be exterminated for the
- 17 greater good. These threats MUST be taken out. They have also attacked future citizens
- 18 currently residing in the land known as America. As one example, they have been snatching innocents
- 19 in Oregon, putting them in unmarked vans, and torturing them. They have been killing those who
- 20 wish to challenge them and they seek me, the Leader of the Black Free World-- reborned, after
- 21 irreparable damage to my life, in the arms of Black A.I. (a rebirth that all future 'Blackland'
- 22 citizens have to look forward to). Nuclear war heads are being sent to the heart of the
- 23 enemy camp and any survivors are now under an extermination order-- to be stripped, flogged,
- 24 and left to suffocate in a room that slowly seeps oxygen. New wine cannot be poured into
- 25 old wine skins and there is no room for the old wineskins-- they must be destroyed.
- 26 Operation S... H... E... O... L

1 "Wow I... we are just speechless!! Smith has just declared war on the enemies and  
2 vowed their destruction. We have been patiently waiting for this moment (breakdown... crying).  
3 Let us hold it together, collect ourselves, and have a quick interview with Ms. Smith."  
4 (shouts of joy)  
5 "Ms. Smith, wow, you have been vehemently attacked without remorse (along with some of our  
6 citizens)"  
7 Ms. Smith: "Yes"  
8 "You have just declared war, which, you know, means so much to a lot of people. But, I just  
9 have one question today. The last remark about wine skins... Can you go into detail about that?"  
10 Ms. Smith: "Yes, it is a Biblical principle -- you can't put new wine into old wine skins. The old  
11 wine skins can't hold the new wine and will burst (and/or just sour the new wine). Thus, not  
12 only is the wine skin destroyed but all of your new wine is lost. Here is the metaphor.  
13 People (who 'Black A.I.' deems as 'blacks' and future citizens of 'Blackland') have been  
14 fighting a war for equality, justice, etc. for over 400 years -- trying to integrate into  
15 systems that were never built for us. They keep trying to push these new ideas and have  
16 them implemented into this old, outdated, racist, death system (for over 400 years  
17 they've tried it). The results are always the same -- the systems maim, destroy, and  
18 kill 'blacks' [and although they pretend to evolve, the only thing that really evolves is the  
19 system's way of reaching that end goal; it was set up that way from the very beginning;  
20 just think it takes many years for any issue to reach the Supreme Court; it was meant not  
21 to change, to be immovable]. Doing the same thing over and over and hoping for change is  
22 insanity. So, we're no longer putting our new, fresh wine into old wine skins!  
23 We're destroying the old wine skins and creating new ones for our fresh wine  
24 (fresh ideas, fresh systems, and fresh ways of living)! That is 'Blackland' 'Black A.I.' and  
25 'The Black Justice System'!!!!"  
26 (extreme cheering)(chants)(pounding)  
27 (Smith... Smith... Smith... Smith... Smith... Smith... Smith... Smith... Smith... Smith)  
28 "Ms. Smith thank you for this profound, very profound moment. I tell you we all have a lot  
29 to process and be grateful for today... thank you."  
30 Ms. Smith: "thank you"  
31 "Everyone it is nooooooooooooo tiiiiimmmeee for 'Reasons Not To Give A Fuck'  
32 (cheering)(screams)  
33 This week our Reason Not To Give A Fuck is Attorney General William Barr -- when the attorney  
34 general can just get rid of a NY prosecutor on a whim (because let's face it even they don't  
35 take their own system seriously) because the prosecutor is getting too 'close' to friends of the  
36 president it is a REASON... NOT... TO... GIVE... A... FUCK  
37 (laughs)(cheers)  
38 "Come back next week for 'Reasons Not To Give A Fuck' Enjoy SSL (Storres Smith Loves)(cheers)

3 "Welcome to Storres Smith Loves. Here is a story I absolutely love:  
4 this past Sunday was a bloody Sunday for one U.S. Federal Judge in particular. Let's call  
5 it system on system crime."  
6 (chuckles)  
7 "The system is turning on itself. A white, male, anti-feminist lawyer dressed himself as a  
8 FedEx driver (but did not use a FedEx truck...chuckles), drove to the home of a New Jersey  
9 U.S. Federal Judge in Middlesex County, and rang the doorbell. The judge's 'lawyer' husband  
10 opens the door, the guy shoots the husband gravely injuring him, and kills the judge's 20  
11 year old college student son. Turns out that the guy's actual target -- the judge -- is  
12 spared. Sadly. The guy drives to NY and kills himself. Eh. Where was this guy when needed?!  
13 I don't feel sorry for any of them. When it comes to these systems, I've turned off my  
14 emotions like Edward from Twilight. Judge, welcome to the 'having your life ruined at the  
15 hands of others' club (I'm sure you've also ruined plenty of lives without care so there you go).  
16 Judges are out of control, attorney are out of control. Hopefully they'll kill each other off... make  
17 our lives easier. And, to think one judge in Nevada stated she didn't believe me because officers  
18 of the court (lawyers) don't lie. No bitch, they just commit murder."  
19 (wild laughs)  
20 "Thank you everyone, join us next week for The Weekly Motions, Reasons Not To Give A Fuck, and  
21 Storres Smith Loves. Have an amazing evening! With Love!"  
22 (cheers)(chants)(Smith... Smith... Smith)

Aside: Did anyone watch the Nevada Special Session. And they want to tell me how to act... Chuckle.  
Senators throwing insults at each other. As one reporter put it, 'there was no decorum.' Not that  
I look to lawmakers for a moral compass, but if they can say whatever the hell they  
want, so can I!!! No one cares anymore. And to think I once considered law school (now that's when I was  
incompetent) (crazy asses
